

Virtual Networking Support (VNS) Guidelines

Proposed by the Chair of the CIG Dr. Lucía Jiménez

Updated on 15th November 2023

Funded by
the European Union

Mission

The Virtual Networking Support (VNS) grants aim at promoting virtual collaboration as a complement to traditional ways of collaboration within the research and innovation communities. This mechanism intends to stimulate virtual collaboration among the members of the COST Innovators Grant (CIG). It will continue as a pilot project until 31st October 2024.

Eligibility

- Applicant(s) are CIG participants with a primary affiliation to an institution located in a COST Full or Cooperating Member country or from a COST Near Neighbour Country.
- The applicant(s) shall be prepared to develop a virtual networking strategy, coordinate the call for expression of interest for the Virtual Mobility Grants and draft at the end of the grant period a report.

Evaluation committee

EurofamNet has approved that the evaluation process be carried out by a committee for transparency and inclusion reasons.

The committee will be composed of the WP1 and WP2 leaders and co-leaders, the Grant Awarding Coordinator, the Advisory Group facilitator, the Young Researchers Group facilitator, the Training School Coordinator and the Science Communication Manager.

Evaluation criteria

1. The degree to which the proposal contributes to the overall objectives of the CIG (1-10 points).
2. The degree to which the proposal contributes to the implementation of the COST Excellence and Inclusiveness Policy (1-10 points).

Evaluation process

- The evaluation criteria defined by EurofamNet are promptly communicated to all potential applicants on the website of the Action.
 - Deadlines for applications and for evaluation are clearly set and communicated via the website of the CIG.
-

- For each call:
 - The Vice Chair will evaluate if the applications meet the criteria for eligibility, and if documents required are part of the application.
 - The committee will grade each applicant's proposal based on a ranking point from 1-10.
 - Starting from the ranking, COST policies on excellence and inclusiveness will be considered by the committee for a final decision.
- Upon completion of evaluation, inter-rate reliability is calculated (if insufficient - proceed with election procedure).

List of documents for the application

For the application to be eligible, applicants need to submit the following supporting documents:

1. A complete proposal which includes:
 - A. A description of how the CIG can benefit from developing virtual networking activities, with a focus on:
 - Progress towards the MoU objectives and deliverables.
 - COST Excellence and inclusiveness Policy, specially towards the support of researchers in COST Inclusiveness Target Countries.
 - Stakeholder engagement and promoting the participation of researchers from NNC and IPC (COST Global Networking).
 - B. A proposal for the strategy outline on virtual networking, including an approach for coordinating Virtual Mobility Grants (where relevant) by:
 - Opening calls and managing the evaluation process for awarding the Virtual Mobility Grants.
 - Supporting and advising beneficiaries of the Virtual Mobility Grant.
 - C. A plan on coordinating and reporting any planned CIG events that will be held online and how they fit the overall CIG strategy.
2. An updated Europass CV (dates of degrees obtained, current position, past experience and a list of academic publications, if applicable) shall be uploaded on the applicants e-cost profile.

Implementation of activities

The successful applicant shall take the Virtual Networking Support (VNS) Manager role in the CIG. The activities expected to be performed by the successful applicant, but not limited to, are:

- Support the CIG Team in the discussions and planning of virtual events and collaboration activities.
- Assist in the selection of hosts for the virtual networking events and collaboration activities.
- Assist the selected hosts in preparation and coordination of online events and collaboration activities (including the analysis of technical needs).
- Oversee the selection of the most appropriate virtual tools for each specific virtual activity (webinar, virtual conference, online library containing learning material for use by the CIG members) considering the needs of the CIG and the activities (need for sub-groups, forums, etc.), demonstrate the principle of best value for money, adhere to GDPR requirements.
- Support the call, evaluation process, and coordination of the Virtual Mobility Grants.

Duration of the VNS

The VNS will start once the application has been approved by the appointed committee and will be carried out until the end of the Grant Period.

Final report

The grantee has 15 calendar days from the end of the Grant Period to submit a report to the Vice Chair and to the Science Officer of the CIG including:

- The list and brief description of virtual events and collaboration activities organised during the Grant Period.
 - The contribution to the CIG MoU objectives for each of the virtual events and collaboration activities
 - The contribution to the COST Excellence and inclusiveness Policy, especially towards the support of researchers in COST Inclusiveness Target Countries.
-

- Stakeholder engagement and promoting participation of researchers from Near Neighbour Countries and International Partner Countries.
- Description of identified successful practices and lessons learned.

VNS financial support

- A financial contribution of up to EUR 4 000 can be awarded per Grant Period. The grant does not necessarily cover all expenses related to undertaking the virtual networking coordination role.
- The Grant Holder shall pay the approved grant to the grantee after the grantee's report is approved and no later than 15 days after the end of the Grant Period.
- The COST Association and the Grant Holder of the CIG cannot be considered as being the grantee's employer who shall make their own arrangements for all provisions related to personal security, health, taxation, social security, and pension matters. The grantee must also ensure they have the required technical material/equipment and infrastructure to carry out the activities proposed in their application to the grant.

Deadlines

One call will be opened for the CIG. Once the application period is over, the applications will be evaluated within 15 days.
