EurofamNet Webinar

COVID-19, Vulnerable families & Family support.

On Wednesday 9th February 2022, from 12:30 to 14:30 (CET), the EurofamNet open webinar "COVID-19, Vulnerable families & Family support" will be held. The event is hosted by the COST Action 18123 European Family Support Network (EurofamNet), supported by COST (European Cooperation in Science and Technology).

Bearing in mind that the COVID-19 pandemic continues to hit the world population, in recent times with new variants that continue to make life difficult for people and in particular for certain families and children, this edition of the EurofamNet Open Webinars (corresponding to its 'Knowledge Exchange' section) will once again address the relationship between **COVID-19 and family support**, while, on this occasion, paying special attention to **VULNERABLE FAMILIES**. For this purpose, and as always, three experienced professionals in the field will give presentations on different levels: an academic, a practitioner and a representative of the administration, who will share their expertise in an educational spirit. Each intervention will have an interactive space for dialogue with the audience that will reinforce learning development.

	Title of the presentation	Presented by
12:30 (CET)	Welcome and instructions	EurofamNet
12:45 (CET)	Family policy, vulnerable families and Covid-19. Suggestions from the reality and experience of the Veneto Region	Dr Pasquale Borsellino Director of Family, Minors, Youth and Civil Service Unit. Social Services Directorate (Veneto Region, Italy)
13:15 (CET)	Impact of the Covid-19 lockdown on the Spanish family context of Foster families	Dr Isabel Bernedo Assistant Professor at the Department of Developmental and Educational Psychology (University of Malaga, Spain)
13:45 (CET)	Single but Strong: Empowerment of Single Parents in the Czech Republic	Dr Eliška Kodyšová Director of APERIO - Healthy Parenting Association (Czech Republic)

COST (European Cooperation in Science and Technology) is a funding agency for research and innovation networks. COST Actions help connect research initiatives across Europe and enable scientists to grow their ideas by sharing them with their peers. This boosts their research, career and innovation. www.cost.eu
